

ASSEMBLY NOTES

(18th FEB 2020)

We sing the Malaysia National Anthem at the beginning of every assembly.

2. It has come to the school's attention that there is a video challenge where you are encouraged to kick out the legs of your friend as they make a jump. The person jumping in the middle does not know that their friends plan to do this. So please be warned to be extra careful. This is extremely dangerous as it can lead to your friend falling on his or her back. This can lead to severe spinal and head injuries, so that permanent disability or severely reduced mental abilities due to the trauma to the spinal cord and brain may occur.

We would strongly encourage students to give feedback to any teacher directly should you come across any of such 'challenges' or 'trends' that go viral on any platform so that we can take quick action to prevent any regrettable incidents. If you know of friends who engage in such dangerous behaviours or actions, please also inform us so that we can help counsel these students. Such dangerous activities are considered gross misconduct and will lead to serious consequences as per handbook.

We urge you to choose and accept only the ideas, influences and trends that are morally positive, and which help you to become a better person. If you are unsure do talk with a trusted friend, teacher or your family.

7. For enrichment,

- i. Students who are involved with the cheerleading, please report to Mr Tan before we proceed to Futsal Court 1 together.
- ii. Students of Primary, J16 and J18 are required to remain seated for a briefing later. Please report to Ms Izyani and Mr Ong who will be chairing the meeting on behalf of all teachers.

8. Last but not least, we have reminders of some of the school rules:

(i) The sports day is a day of competition between sports houses. Pressure to win points for the various sports can be intense. Nonetheless, all students must display sporting spirit when it comes to P.E, sports practice, games or other sports related activities. No student is to look down on other students, for example making negative comments, or resort to violence of any kind towards their friends or teachers. Respect must be shown to everybody. Should any student be found to start an act of disrespect to others or are involved in the act of disrespect, there will be serious consequences according to the handbook.

(ii) All students are reminded that after dismissal, they are not allowed to leave their belongings in the school and sign out to go to a shop for meals or to do shopping and then come back to school again without prior knowledge or permission from Miss Hang, Mr Ong or Miss Diana. Any disobedience will be dealt with severely for signing out with the intention to return to school later on.

(iv) Students are not allowed to collect their phones to take with them to classes before they sign out TO GO HOME. No phones are allowed during classes like Mandarin or Malay. Phones are also not to be brought in during ECA except with the coaches' permission which is so far only allowed for Art. Written permission is needed for all other cases.

9. Students who are participating in the Cheerleading for sports day must remind their parents to complete the consent form for them to stay back after schooling hours. By this Fri when the Sports House teachers still do not receive the students' written consent from parents, these students will not be allowed to participate in the cheerleading event on the Sports day.

The following students' parents have given consent for participating in the cheerleading event and practice. Thank you for the cooperation from these students.
