2. Message from our principal, Ms Emma.

Dear students and staff,

I have received an invitation from the Eduexpert regarding an upcoming 4 day virtual summit which I think it is a great opportunity for all students and their parents.

Over the course of two weekends (Aug 29-30 and Sept 5-6), there is a panel of experts who will help you discover:

- What **AWESOME AND EXCITING NEW CAREERS** are out there for you to explore;
- How to get into the top schools, including **OXFORD, CAMBRIDGE, and MIT**;
- Ways to craft a **PERSONAL STATEMENT** that will grab attention; and

- The best ways to not only make your dreams of studying abroad at the best institutions a reality, but also how to do so in the most **AFFORDABLE WAYS** possible!

For Honsbridge students, you are entitled to receive a 90% discount off the normal registration fee till the 15 Aug 2020, because Eduexpert extended their early bird promotional period. This means students only need to register with USD2.50 for this event as opposed to paying USD25. For teachers who will like to also learn more, you may register for the 4 days event which is FREE of charge for teachers.

On to my next point, I have a talk with our school's canteen caterer, Chef Nicholas and his team are settling down well with the new safe of delivering their breakfast and lunch to our students. The type of lunch that they can serve students are limited because of students not bringing their own tupperware with a proper container. So students, I will like to remind and ask that every student gives in their lunch tupperware preferably with two compartments labelled with their name as required by the SOP, this way you help to get a better lunch menu for yourself and others, most

importantly you reduce the plastic waste that you are creating at every lunch time.

Let us make the least waste as one of your class cleanliness criteria, you can do it. Year 7 class of J18A, you showed the most effort to cut waste, good try and I hope every one makes effort to recycle their tupperware for nicer lunch to be served in suitable lunch boxes.

Lastly, our school's major exam will be starting on the 18 Aug 2020 my students, manage your time to play and study in order to excel for this coming exam. Remember to put in your best effort to achieve the goals i.e. To achieve a grade B for Math, then start doing all the sums and do them

accurately in the shortest time. Your teachers and I wish you the best for your exam preparation!

3. SOP

- a. As can be seen, the 4th floor reception is much more spacious compared to the 2nd floor reception. The primary students are to wait and to sit with social distance at the reception area after school. They took up the opportunity to read while waiting for their parents to pick them up.

- b. The waiting area for the Year 7 students of J18A/B & 9 students of J16A/B is at the canteen area of level 4. All students are expected to sit at the designated chairs to exercise physical distancing.

- c. **Students are to remain seated in their classrooms during break and lunchtime.** Students are to eat at their tables and not share a table. Students are not allowed to go to other classrooms.
- d. **Students are not allowed to remain in their classrooms** after school unless told otherwise by the administration or teacher(s). If you are caught in the classroom, action will be taken.
- e. **Do not hang around in the canteen area** during break, lunchtime and after school.

f. Plastic bags for phones.

To minimise contact and at the discretion of parents and students, you may bring your mobile phone in a plastic ziploc bag at arrival. At dismissal time, our staff will open the bag to allow the student to collect their phone with minimal handling.

4. School Vandalism

Vandalism is strongly discouraged and severe action will be taken according to the student's handbook. Please report if you see anyone vandalising
