My FIRST STEPS WITH CAMBRIDGE

The Cambridge Early Years Programme is the start of your child's exciting journey in education. Following a holistic approach that is focused on the whole child, the programme connects their development with the world and the people around them.

The Early Years Curriculum is structured for teaching and learning in 3 Key Stages* and is split into 6 Subject Areas* :

Key Stages

Honnetts (Nursery - 3 years old)
Readers (Lower KG 4 - years old)
Writers (Upper KG 5 - years old)

Subject Areas

- Communication, Language & Literacy
- Creative expression
- Mathematics
- Personal, Social & Emotional Development
- Physical Development
- Understanding the World

Communication through speaking, listening, reading and writing is important to a child's early development. Through fun activities, they are encouraged to engage with a wide range of topics that illustrate the importance of language and how to communicate in different environments and situations. Not just the English Language but also Malay and Mandarin will be taught by our teachers.

It is important that our children are given the opportunity to explore and develop intellectually, emotionally, socially and physically. We foster their interest in Mathematics, Science as well as the Arts and through these subjects they will learn to interact with the world around them.

My First Steps With Cambridge Kit includes :

Literacy Skillbook, Literacy Workbook, Phonics Reader, Phonics Skillbook, Rhymes Book, Numeracy Skillbook, Numeracy Workbook, Awareness Skillbook, Book of Wellness, Cursive Writing, Art and Craft Skillbook, Flash Cards, Parents' Handbook, Poster, Graduation Certificate.

Additional Teaching Materials
